

Statement on Annex XVII of REACH

Annex XVII of Regulation (EC) No 1907/2006 (REACH) lists those substances (on their own, in a mixture or in an article) for which manufacture, placing on the market or use is limited or banned in the European Union. It is our intention to assist our customers to assess if the restrictions in Annex XVII apply to their specific uses.

Information on Annex XVII can be found in section 15.1 "Safety, health and environmental regulations/legislation specific for the substance or mixture" of Covestro Safety Data Sheets (SDS) issued for member states of the European Union (EU) or the European Free Trade Association (EFTA). Whenever an entry in Annex XVII has relevance for a Covestro product the corresponding information is provided in the sub-section "REACH - Restrictions on the manufacture, placing on the market and use of certain dangerous substances, preparations and articles (Annex XVII)". This includes the respective number(s) of the entry/entries in Annex XVII and identification of components that are subject to an entry in Annex XVII.

Please note, however, that the information referred to in the previous paragraph is currently only consistently provided for Covestro SDS issued from December 2018 onwards. SDS that were issued prior to that date may not contain all relevant data. You may download the most recent SDS via the following link:

Note: Version 2. The information contained herein is believed to be accurate as of the date of this document. If any of the above mentioned regulations change after the date of declaration, this information is no longer valid.

The manner in which you use our products, technical assistance and information (whether verbal, written or by way of production evaluations), including any suggested formulations and recommendations, are beyond our control. Therefore, it is imperative that you test our products to determine suitability for your processing and intended uses. Your analysis must at least include testing to determine suitability from a technical, health, safety, and environmental and regulatory standpoint. Such testing has not necessarily been done by Covestro, and Covestro has not obtained any approvals or licenses for a particular use or application of the product, unless explicitly stated otherwise.

Unless we otherwise agree in writing, all products are sold strictly pursuant to the terms of our standard conditions of sale which are available upon request.

All information and including technical assistance is given without warranty or guarantee and is subject to change without notice. It is expressly understood and agreed by you that you assume and hereby expressly release indemnify us and hold us harmless from all liability, in tort, contract or otherwise, incurred in connection with the use of our products, technical assistance, and information. Any statement or recommendation not contained herein is unauthorized and shall not bind us. Nothing herein shall be construed as a recommendation to use any product in conflict with any claim of any patent relative to any material or its use. No license is implied or in fact granted under the claims of any patent.

This information is exclusively for our customers and respective competent authorities. It is not intended for reproduction either in printed or electronic form (e.g. via internet) by others. Thus, neither partial nor full reproduction is allowed without written permission from Covestro.
