

Statement on Compliance with Directive 2012/19/EU Regarding Waste Electrical and Electronic Equipment

The EU Directive 2012/19/EU (recast of Directive 2002/96/EC) regulates the reuse, recycling and recovery of waste electrical and electronic equipment (WEEE). As part of the requirements, WEEE containing certain substances (Annex VII) is subject to selective treatment.

To the best of our knowledge the following products of Covestro Deutschland AG do not intentionally contain substances identified in Annex VII of Directive 2012/19/EU and therefore these substances are not expected to be present above limit values, if applicable. The presence of analytically detectable traces, which have possibly been introduced via raw materials, auxiliaries and additives, cannot be excluded. Specific analyses to measure such traces have not been performed on raw materials or final products.

ACCLAIM	BAYMIDUR	DESMOPHEN
APEC *	BAYNAT	DESMORAPID
ARCOL	BAYPREG	DESMOSEAL
BAYBLEND *	BAYPREN	DESMOTHERM
BAYBOND	BAYSAFE *	DISPERCOLL
BAYCOLL	BAYTEC	HYPERLITE
BAYCUSAN	BAYTHERM *	IMPRAFIX
BAYDUR *	BLEN DUR	IMPRANIL
BAYFILL	CRELAN	IMPRAPERM
BAYFIT *	DESAVIN	MAKROBLEND *
BAYFLEX *	DESMOCAP	MAKROLON *
BAYGAL	DESMOCOLL	MULTITEC
BAYHYDROL	DESMODERM	PERGUT
BAYHYDUR	DESMODUR	ULTRACEL
BAYHYTHERM	DESMOLAC	URETEK
BAYMEDIX	DESMOMELT	VULKOLLAN
BAYMER *	DESMOPAN	

Legal limits are complied with. The presence of analytically detectable traces cannot be excluded.

* Exceptions:

A few of our **MAKROLON**, **MAKROBLEND** and **APEC** types contain a non-regulated brominated flame retardant. We would like to make you aware of the parts identification requirement for these grades to allow the selective treatment according to Annex II. In all these cases, our safety data sheet will identify the brominated flame retardant in chapter 3.

This confirmation only applies to granulated **BAYBLEND** and **MAKROLON** products

Statement on Compliance with Directive 2012/19/EU Regarding Waste Electrical and Electronic Equipment

Some polyol formulations traded under **BAYDUR, BAYFIT, BAYFLEX, BAYMER, BAYSAFE, BAYSEAL¹** and **BAYTHERM** may contain fluorinated blowing agents. In all these cases, our safety data sheet will identify the fluorinated blowing agents in chapter 3.

Some chemical raw materials for application in the area of coatings, adhesives and sealants may contain hydrocarbon solvents in the delivery form. It is not intended that these solvents remain in a cured coating, adhesive or sealant. Therefore, these solvents are not expected to be contained in WEEE itself.

Chemical substances involved in the WEEE requirements according to Annex VII of EU Directive 2012/19/EU:

- Polychlorinated biphenyls and polychlorinated terphenyls (PCB/PCT)
- Mercury
- Brominated flame retardants
- Asbestos
- Chlorofluorocarbons (CFC), hydrochlorofluorocarbons (HCFC), hydrofluorocarbons (HFC) and hydrocarbons (HC)
- Ceramic fibres acc. to 97/69/EC and 67/548/EEC
- Radioactive substances

Version 3. The information contained herein is believed to be accurate as of the date of this document. If any of the above mentioned regulations change after the date of declaration, this information is no longer valid.

The manner in which you use our products, technical assistance and information (whether verbal, written or by way of production evaluations), including any suggested formulations and recommendations, are beyond our control. Therefore, it is imperative that you test our products to determine suitability for your processing and intended uses. Your analysis must at least include testing to determine suitability from a technical, health, safety, and environmental and regulatory standpoint. Such testing has not necessarily been done by Covestro, and Covestro has not obtained any approvals or licenses for a particular use or application of the product, unless explicitly stated otherwise.

Unless we otherwise agree in writing, all products are sold strictly pursuant to the terms of our standard conditions of sale which are available upon request.

All information and including technical assistance is given without warranty or guarantee and is subject to change without notice. It is expressly understood and agreed by you that you assume and hereby expressly release indemnify us and hold us harmless from all liability, in tort, contract or otherwise, incurred in connection with the use of our products, technical assistance, and information. Any statement or recommendation not contained herein is unauthorized and shall not bind us. Nothing herein shall be construed as a recommendation to use any product in conflict with any claim of any patent relative to any material or its use. No license is implied or in fact granted under the claims of any patent.

This information is exclusively for our customers and respective competent authorities. It is not intended for reproduction either in printed or electronic form (e.g. via internet) by others. Thus, neither partial nor full reproduction is allowed without written permission from Covestro.
