

# Statement on Compliance with REACH

In June 2007 the European Union had implemented a new chemical legislation with obligations regarding Registration, Evaluation, Authorization and Restriction of Chemicals [REACH, (EC) No 1907/2006]. The registration of phase-in substances was subject to specific deadlines.

We have successfully completed the registration phases in 2010, 2013 and 2018 for chemical substances above 1000 t/a, 100 t/a and 1 t/a, respectively. Additional registrations might be executed in the future, for example to cover newly developed products or supplier changes.

We are glad to confirm that Covestro Deutschland AG's products marketed in the EU and EFTA are delivered in accordance with the applicable chemical laws, with special reference to the REACH Regulation (EC) No 1907/2006 and its amendments, as detailed below:

1. All components of Covestro products are registered or exempted from registration. This includes purchased raw materials used in our products.
2. The Safety Data Sheets for the European Union (EU-SDS) of our products are being updated with the information required by REACH after a component has been registered by Covestro or after we receive relevant new information. You can download the most recent SDS of interest by the following link: <http://www.productsafetyfirst.covestro.com>
3. The content of Substances of Very High Concern (SVHC from ECHA's Candidate List, including those already listed in ANNEX XIV, REACH) above the legal threshold, if any, is being communicated in the EU/EFTA-SDS. A separate statement on SVHC is available.

Please be informed that a missing REACH registration number on a Safety Data Sheet does not imply that the product is not conforming with REACH. REACH-polymers are exempt from registration and Covestro has registered the respective monomers.

### *Important notice:*

In the case of imports from non-EU countries, any registration obligations of importers must be observed.

*Note: Version 4. This information contained herein is believed to be accurate as of the date of this document. If any of the above mentioned regulations change after the date of declaration, this information is no longer valid.*

*The manner in which you use our products, technical assistance and information (whether verbal, written or by way of production evaluations), including any suggested formulations and recommendations, are beyond our control. Therefore, it is imperative that you test our products to determine suitability for your processing and intended uses. Your analysis must at least include testing to determine suitability from a technical, health, safety, and environmental and regulatory standpoint. Such testing has not necessarily been done by Covestro, and Covestro has not obtained any approvals or licenses for a particular use or application of the product, unless explicitly stated otherwise.*

*Unless we otherwise agree in writing, all products are sold strictly pursuant to the terms of our standard conditions of sale which are available upon request.*

*All information and including technical assistance is given without warranty or guarantee and is subject to change without notice. It is expressly understood and agreed by you that you assume and hereby expressly release indemnify us and hold us harmless from all liability, in tort, contract or otherwise, incurred in connection with the use of our products, technical assistance, and information. Any statement or recommendation not contained herein is unauthorized and shall not bind us. Nothing herein shall be construed as a recommendation to use any product in conflict with any claim of any patent relative to any material or its use. No license is implied or in fact granted under the claims of any patent.*

*This information is exclusively for our customers and respective competent authorities. It is not intended for reproduction either in printed or electronic form (e.g. via internet) by others. Thus, neither partial nor full reproduction is allowed without written permission from Covestro.*
