

It is our intention to assist our customers to meet the information obligations set by Article 33 of Regulation (EC) No 1907/2006 (REACH). These obligations apply to suppliers of articles that contain above 0.1 % weight by weight of a substance which is on the Candidate List of Substances of Very High Concern (SVHC) for Authorisation. The current Candidate List of SVHCs can be found via the following link:

<https://echa.europa.eu/en/candidate-list-table>

Information on SVHC is provided in section 3 "Composition" of the Safety Data Sheets (SDS) issued for products marketed by Covestro Deutschland AG and its affiliates seated in member states of the European Union (EU) or the European Free Trade Association (EFTA). If an SVHC is contained at or above 0.1 % weight by weight, then the following phrase is displayed: "This product contains substances of very high concern (REACH Regulation (EC) No 1907/2006, Article 59)" and the related substance(s) is/are identified. If no SVHC is contained at or above 0.1% weight by weight, the following phrase is shown: "This product contains no substances of very high concern in concentrations where an information obligation applies (REACH Regulation (EC) No 1907/2006, Article 59)".

An SDS will also be issued for articles (such as technical or industrial specialty films) marketed by Covestro Deutschland AG or its affiliates seated in the EU or EFTA if those contain an SVHC at or above 0.1 % weight by weight. Thus, an article for which no SDS is issued does not contain an SVHC at or above 0.1 % weight by weight. Again, information on SVHC is provided in section 3 "Composition" of the SDS using the same phrases as indicated above.

Twice a year, the European Chemicals Agency (ECHA) publishes a revised SVHC Candidate List. Following such publication, Covestro performs a careful assessment if the additional substances require an update of the SDS. In case a substance which has been recently added to the SVHC Candidate List is not already declared due to other reasons in section 3 "Composition" of the SDS, this section will be updated by Covestro in due course. None of this affects the content of this Statement on SVHC and Annex XIV of REACH so this Statement will not be modified. Every customer in the EU and EEA will then receive the updated SDS on our own initiative, provided that he has been supplied by us with the product concerned within the past 12 months. You may also download the most recent SDS via the following link:

<https://solutions.covestro.com/en/productsafetyfirst/sds>

SVHC, which have already been included in Annex XIV of REACH (Authorisation List) can be found via the following link:

<https://echa.europa.eu/en/authorisation-list>

These substances within the REACH authorisation process are reported in the SDS at or above 0.1 % weight by weight in section 3 "Composition".

Version 18. The information contained herein is believed to be accurate as of the date of this document. If any of the above mentioned regulations change after the date of declaration, this information is no longer valid.

The manner in which you use our products, technical assistance and information (whether verbal, written or by way of production evaluations), including any suggested formulations and recommendations, are beyond our control. Therefore, it is imperative that you test our products to determine suitability for your processing and intended uses. Your analysis must at least include testing to determine suitability from a technical, health, safety, and environmental and regulatory standpoint. Such testing has not necessarily been done by Covestro, and Covestro has not obtained any approvals or licenses for a particular use or application of the product, unless explicitly stated otherwise.

Statement on SVHC and Annex XIV of REACH

Unless we otherwise agree in writing, all products are sold strictly pursuant to the terms of our standard conditions of sale which are available upon request.

All information and including technical assistance is given without warranty or guarantee and is subject to change without notice. It is expressly understood and agreed by you that you assume and hereby expressly release indemnify us and hold us harmless from all liability, in tort, contract or otherwise, incurred in connection with the use of our products, technical assistance, and information. Any statement or recommendation not contained herein is unauthorized and shall not bind us. Nothing herein shall be construed as a recommendation to use any product in conflict with any claim of any patent relative to any material or its use. No license is implied or in fact granted under the claims of any patent.

This information is exclusively for our customers and respective competent authorities. It is not intended for reproduction either in printed or electronic form (e.g. via internet) by others. Thus, neither partial nor full reproduction is allowed without written permission from Covestro.
