

PATENT NOTICE:

The tables below list fiber optic materials (FOM) products of DSM. The products are listed by name. DSM makes no representation that this list is exhaustive, or that any product listed therein is available in all jurisdictions.

Additionally, appearing below is a listing of Issued U.S. Patents and Pending U.S. Patent Applications that have claims which may cover one or more of the FOM products being offered for sale by DSM. DSM makes no representation that the list is exhaustive. Other DSM-owned patents may exist which have claims which may cover one or more of the FOM products being offered for sale.

DSM reserves the right to amend or update the list to include additional products or associated patents at any time. Further, any and all rights pertaining to this notice are expressly reserved, including the right to claim patent coverage on any product, the right to assert any patent, and the right to assert any patents not associated with a particular product listed below.
